

The remote format to be utilized for this distance learning is Zoom. Only laptops and desktops with a camera view are allowed. Classes are varied, sometimes 8 hours, sometimes 4 hours at a time.

At least 24 hours prior to the start of your class, you must - pay in advance, fill in all required information and log in with your name.

All students are required to provide a valid government issued photo identification document such as a State issued driver license, non-driver license or a passport at the beginning of a class. This process allows the instructor to verify the identity of the person online during the classroom session.

A copy of the student's ID must be emailed to securityacademyny@gmail.com no later than 24hrs prior to the start of the class.

Devices allowed will be computer or laptop only, with a camera. Other devices will be allowed with DCJS approval only.

SANY will take attendance at the beginning of a class, during the class, when students return from breaks and at the end of session.

Attendance must be taken by confirming that the student is online and his/her camera is active. Student cameras must remain active the entire time that the class is in session.

Students may turn off cameras during a break until the class resumes.

Any student who leaves the camera view without permission at any time will be marked absent.

No one will be allowed to leave the camera view once testing has started.

SANY will retain all the attendance records. Certification for successful completion by students will be submitted via email within 8 hours or mailed out by the end of the next business day by SANY.

This platform will have the ability for group chat during the online session. All classes will be recorded and saved for verification by DCJS and any other authority.

Exam will be conducted online under the supervision of a proctor or an approved instructor.

Fraudulent activity will not only void your payment and certification, it will also put you at risk of retaking the course in the future.
